

# THE DENTAL DIGEST

A Monthly Summary of Dental Science Devoted  
to the Progress of Dentistry.

THE OFFICIAL ORGAN OF THE  
**Dental Protective Association**  
OF THE  
UNITED STATES.

## INDEX OF VOL. IV.

January-December, 1898.

PUBLISHED BY  
**J. N. CROUSE, D. D. S.**  
CHICAGO, ILL.

## TABLE OF CONTENTS.

### ORIGINAL CONTRIBUTIONS.

	PAGE
Anatomy : A Critique, by Wm. E. Walker.....	591
Antidotes, by DeCoursey Lindsay.....	538
Antiseptics in Dentistry, by A. H. Thompson.....	529
Are Dental Students Properly Educated? by W. H. Duddy.....	159
As the Faculties' and Examiners' Dispute Looks to an Outsider, by W. H. White.....	33
Case of Electroplating, by F. N. Brown.....	84
Case of Reproduction of Tissue, by G. L. Curtis.....	301
Cataphoresis—My Successes and Failures, and Why, by W. A. Johnston.....	811
Comparative Method of Teaching Dental Anatomy, by A. H. Thompson.....	670
Country Dentist, by J. A. Pearson.....	287
Dental Ethics, by E. E. McGovern.....	288
Dentistry Sufficient unto Itself, by W. E. Driscoll.....	154
Diagnostic Errors, by W. Geo. Beers .....	225
Essential Oils and Some Other Agents: Their Antiseptic Value; Also Their Irritating or Non-Irritating Properties, by A. H. Peck.....	734
Filling Materials, with Special Reference to Amalgam, by J. N. Crouse.....	661
Full Porcelain Crown Without a Peer, by B. J. Cigrand.....	603
Gingivitis and Its Relation to Crown Work, by S. B. Palmer.....	303
Hemorrhage Following Extraction of Teeth, Its Etiology and Treatment, by H. Prinz.....	599
Ideal Bridge of To-day and the Next Step to Improve It—Second Paper, by F. F. Fletcher.....	455
Ideal Lower Denture in Difficult Cases, by J. D. Patterson.....	441
Incidents of Office Practice, by E. B. Owen.....	27
Individual and the Society, by J. R. Megraw.....	459
Instrument Nomenclature, with Reference to Instrumentation, by G. V. Black.....	1
Is There Room at the Top? by Lee S. Smith.....	86
Live Pulp and Gutta-Percha in Same Pulp-Canal, by E. C. French.....	81
Materia Medica and Therapeutics, by J. S. Cassidy.....	595
Meeting of American Medical Association, by Geo. V. I. Brown.....	377
Method of Backing Teeth, by F. M. Poulsen.....	388
New Regulating Appliance, by R. E. Maercklein.....	30
Non-Graduate Practitioner, by Geo. E. Greene.....	384
Porcelain Crown, by H. H. Schuhmann.....	731
Preliminary and Graduation Requirements—The Logical Standard, by M. F. Ault.....	534
Preparation of Compound Cavities in Molars and Bicuspid, by O. L. Kerr.....	521
President's Address, by Frank Slater.....	444
President's Address, by G. N. Beemer.....	733
President's Annual Address, by L. W. Skidmore.....	83
Pyorrhea Alveolaris and Its Treatment, by R. L. Ready.....	453
Removal of Dental Pulp, by B. Holly Smith.....	604
Report of Committee on Foreign Relations of the National Association of Dental Faculties, 1817	817
Retiring President's Address, by C. S. Campbell.....	230
Sectional Piece of Porcelain Bridge-Work, Allowing the Removal of One or Both Sections, by Adam Flickinger.....	25
Some Uses of Amalgam, Particularly in Connection with Gold, by John W. Marsh.....	814
Successful Case of Replantation, by A. N. Ferris.....	184
Suggestion in Nomenclature—"Cast" and "Model," by Wm. E. Walker.....	669
Taking Impressions with Modeling Compound, by Chas. W. Crawford.....	764
Tobacco and Its Effect on the Contents of the Oral Cavity, by John G. Harper.....	447
Treatment of Carious Approximal Surfaces in Bicuspid and Molars, by F. S. Belyea.....	310
Treatment of Fractured Maxillaries, by D. S. Arnold.....	155
Treatment of Teeth in a Country Practice, by J. W. Beestham.....	26
Use of an Intradental Band, by B. J. Cigrand.....	389
Western Dental Journal on Amalgam Tests, by G. V. Black.....	297
Young Man in Dentistry, by O. W. Bedell.....	527

TABLE OF CONTENTS.

DIGESTS.

	PAGE
Acute Inflammation in the Maxillary Sinus, by Wadsworth Warren .....	163
Adaptation and Retention of Artificial Dentures, by A. O. Hunt .....	108
Allows No Insurance for Septic Poisoning .....	538
Alveolar Pyorrhea, by G. H. Thompson .....	333
Ankylosis of Human Teeth to the Jaws, by Storer Bennett .....	851
Application of Heat in Dentistry for the Destruction of Pathogenic Germs, by J. H. Woolley .....	236
Arsenic in Devitalizing Pulps .....	684
Bleaching Devitalized Teeth with Pyrozone, by J. P. Parker .....	39
Bridle for the Control of Mouth-Breathing, by N. B. Jenkins .....	639
Buccal Manifestations of Syphilis, by Faneuil D. Weisse .....	567
Carbolic Acid, by A. L. Benedict .....	183
Carbolic Acid Gangrene .....	41
Carbonized Cotton Method, by Elof Forberg .....	486
Care of the Finger-Nails .....	468
Care of Vulcanizers .....	180
Caries of an Unerupted Tooth, by W. D. Miller .....	169
Case of Haematoma, by J. H. McCutchan .....	192
Case of Hypertrophy of the Gums, by Mr. Whitaker .....	166
Catarrh of the Antrum of Highmore, by H. I. Jones .....	549
Clay and Plaster Modeling Applied to Crown, Bridge and Porcelain-Work, by J. H. Prothero .....	778
Clinical Remarks on Miscellaneous Cases, by Edmund W. Roughton .....	335
Clinic on a Fusible Alloy, by Grant Molyneaux .....	398
Coagulation Theory, by H. T. Smith .....	275
Connection Between Diseases of the Eye and Diseases of the Teeth, by C. S. Bull .....	260
Conservatism in Oral Surgery, by Truman W. Brophy .....	638
Consumption Cure, by Dr. Murphy .....	467
Contributory Causes of Antrum Diseases, by Dwight L. Hubbard .....	688
Control of Mouth-Breathing, by W. Freudenthal .....	749
Cotton and Chloro-Percha .....	492
Cotton Polishing Cones, by D. V. Beacock .....	537
Creosote and Sunlight .....	684
Death from Pyemia Following Attempt at Tooth Extraction .....	610
Dentist's Posture at Operating Chair, by Eliza M. Mosher .....	767
Destruction of Pulp and Gold Crown by Mercuric Action Within Amalgam, by W. T. McLean .....	542
Dignity of Advertising, by H. C. Smith .....	463
Double Resection of the Lower Maxilla, by E. H. Angle .....	690
Double Resection of the Lower Maxilla, by E. S. Talbot .....	750
Effect of Heat on Dentin, by Geo. W. Cook .....	615
Electro-Deposition of Metals, by L. B. Wilson .....	334
Electrolytic Products of Dental Medicines, by W. A. Price .....	473
Elongated Upper Molars .....	342
Emergency Call—List of Instruments and Appliances, by J. T. Codman .....	850
Erosion, by Frank Acker .....	414
Erosions as Found in the Orient—Cause and Effect, by C. L. Snyder .....	341
Etiology and Treatment of Glandular Enlargements in the Neck, by A. G. Miller .....	186
Evolution of the Doctor .....	327
Experience with a few Homeopathic Remedies in Dental Practice, by Wm. I. Wallace .....	701
Experiments Regarding the Setting of Plaster of Paris .....	610
Exsection of the Superior Maxillary Nerve, Old and New Methods, by H. L. Ambler .....	108
Fatalities from Anesthetics .....	683
Fines for Illegal Practices .....	85
Formaldehyde in Solid Form, by Wm. Rollins .....	101

4 TABLE OF CONTENTS.

	PAGE
Formaldehyd: Its Antiseptic and Irritating Properties, by A. H. Peck.....	407
For Polishing Plate Work, by T. Ledyard Smith.....	537
Further Notes on the Bacteriology of the Mouth, by Kenneth W. Goadby.....	758
Genesis of a Word, by H. H. Burchard .....	614
Guaiacol as a Local Anesthetic, by A. O. Hooker.....	881
Gum Arabic in Soldering .....	688
Hints by a Lazy Man.....	179, 244, 537
Hydrogen Dioxid, Ethereal Solution, by George S. Allen .....	349
Idiopathic Salivation, by W. R. Jordan.....	398
Implantation of Foreign Objects in the Maxillae, by C. T. Gramm.....	882
Impressions, by I. P. Wilson.....	551
Indiana Dentistry Law.....	888
Influence of Diet on Gout .....	618
Influence of Mental Factors in Causing Death from Anesthetics, by Robert Ballard.....	548
Influence of Science on Modern Civilization, by Cecil Corwin .....	92
Interalveolar Administration of Eucain, by Stewart J. Spence .....	404
Is Dental Caries Accompanied by Inflammatory Action? by C. S. Beck.....	417
Items from B. H. Teague .....	181
Items from Foreign Journals .....	278
Laborde Treatment of Chloroform Asphyxia.....	612
Loss of Nervous Power, Resulting from a Carious Tooth, J. H. Edward .....	49
Manifestations of Syphilis in the Mouth, by L. Duncan Bulkley .....	628
Method of Operating for Small Epitheliomata of the Lip, by Charles N. Dowd.....	249
Method of Using Soft Foil, by Benjamin Lord .....	479
More About the Maxillary Bones, by E. M. Kettig.....	629
Mouth-Breathing—Cause and Effect, by G. North .....	401
National Health Legislation .....	114
Necessity for Higher Education in Dental Matriculates, by Frank L. Platt .....	191
New Method of Casting Metal Dies, by Wm. H. Steele .....	26
New Plastic Operation for the Relief of Deformity Due to Double Harelip, by Robert Abbe .....	258
Notes on a Case of Composite Odontome, by Russell Barrett .....	110
Obstinate Hemorrhage, by W. G. B.....	243
Orificial Irritation in Relation to Neural Disturbances, by Geo. V. I. Brown .....	781
Our Instruments, by C. B. Boeske .....	471
Oxid of Zinc and Eugenol, by S. B. Luckie .....	540
Partial Suppression of Teeth in a Very Hairy Monkey, by C. S. Tomes .....	116
Past and Present in Dentistry, by C. N. Peirce .....	329
Patents and Ethics, by J. A. Chapple .....	112
Perforating Ulcer of the Mouth .....	887
Philosophy of Exudative Inflammation, by John Rogers .....	167
Phosphorus Necrosis of the Jaw .....	562
Physiological Antagonism, by Geo. E. Johnson .....	630
Physiologic Psychology of Smelling .....	58
Plaster Models .....	684
Points, by H. D. Weller .....	418
"Poisons" in Ohio .....	119
Porcelain Inlays by the Method Introduced by Dr. N. S. Jenkins, Dresden .....	541
Practical Bridge-work for Difficult Casts, by Thos. P. Hinman .....	402
Presence of Arsenic in Cements, by A. B. Howatt .....	469
Prosthesis of Entire Dentures with Countersunk-pin Teeth on the Vulcanite Base, by A. R. Lawshe .....	51
Prosthetic Dentistry, by H. A. Smith .....	392
Psychology of Hypnotism, by F. N. H. Meyers .....	704
Pulpless Teeth and the Treatment of Roots for Crowning, by D. D. Smith .....	42
Reflex Disorders of Dental Origin, by H. H. Burchard .....	845
Relation of General Medicine to the Specialties, by Frank Billings .....	194
Removal of Foreign Bodies from the Upper Air Passages, by Rice .....	886

## TABLE OF CONTENTS.

5

	PAGE
Removal of Inferior Dental Nerve Through the Mouth.....	611
Restatement of the Tooth-bleaching Problem, by Edward C. Kirk.....	774
Restoration with Porcelain in Fracture of the Teeth, by L. Foster Jack .....	637
Salivary Calculus in the Parotid Duct, Causing Symptoms Simulating Alveolar Abscess, by T. E. Constant.....	49
Scheme for Determining the Amount of Drug in Each Dose of any Preparation of that Drug, by John E. Groff.....	554
Science of Swaging, by Ernest A. Smith.....	405
Secondary or Storage Batteries for Cataphoresis, by C. A. Hawley.....	246
Serration an Error in Practice, by J. W. Worcester.....	466
Should We Drink at Our Meals?.....	347
Silver Nitrate in the Treatment of Pulpless Teeth, by L. G. Noel.....	547
Skill and Care Required of Dentists.....	538
Some Suggestions in Prosthetic Dentistry, by John T. Usher.....	488
Source of Irritation, by L. P. Haskell.....	102
Specialism Essential to Success, by A. H. Suggett.....	490
Status of the Degree D.D.S. Under the Law, by W. D. Chase.....	616
Step-Child of Dentistry, by Otto Bickel.....	539
Strength of Various Medicines.....	492
Study of Dentistry in France, by I. St. Just.....	684
Study of Eucain "B" in Stomatology, by A. Legrand.....	641
Sulpho-Cyanid of Potassium in Saliva, by H. L. Albert.....	317
Supernumerary Tooth in the Palatine Vault, by R. Cadwallader.....	162
Surgery One Hundred Years Ago, by Geo. Fischer.....	36
Surgical Treatment of Alveolar Abscess, by L. Meisburger.....	477
Surgical Treatment of Congenital Cleft Palate, by W. H. G. Logan.....	841
Swelling of Submaxillary Glands Due to the Pressure of a Lower Denture, by W. H. Dolamore.....	765
Syphilitic Necrosis of the Alveolar Process, by A. Berlyn.....	100
System to Assist in the Identification of Criminals and Others by Means of the Teeth, by B. B. Marco.....	201
Teething.....	830
Temporary Sets of Artificial Teeth, by R. E. Sparks.....	771
Therapeutic Treatment of Infected Tooth Root-Canals, by Geo. W. Warren.....	98
Tinfoil, by H. L. Ambler.....	326
Tinfoil Matrices, by W. B. Pearsall.....	545
To Lessen Weight in Bridge-Work, by Thos. Crenshaw.....	405
Toothache Remedy.....	493
To Remove Artificial Teeth from Dentures.....	493
To Remove Debris from Pulp-Canals.....	493
To Remove Iodin Stains.....	493
To Set Cement Rapidly.....	493
To Take a Partial Impression When the Teeth Converge or Diverge, by F. W. Bliss.....	749
Total Extirpation of Stomach.....	253
Treatment of Cervical Borders, by S. G. Perry.....	692
Treatment of Pulpless Teeth with Dr. Schreier's Sodium and Natrium, by L. D. Hodge.....	96
Treatment of Pulpless Teeth with Hydrogen Dioxid, Ethereal Solution, by Geo. S. Allen.....	342
Treatment of Suppuration by Bicarbonate of Soda, by Brucker.....	880
Tribulations of Editing.....	92
Tube-Dowel Crown, by W. A. Heckard.....	753
Two Cases from Practice, by Mark Hayter.....	235
Two Points, by M. A. Mason.....	349
Unique Method of Backing a Tooth, by W. A. Siddall.....	102
Unusual Case of Blood-Cyst of the Posterior Nares, by John N. McKenzie.....	162
Useful Hints in Operative Work, by T. P. Hinman.....	884
Use of the Disk, by W. A. Heckard.....	274
Value of Interrogation, by F. L. Platt.....	896

## TABLE OF CONTENTS.

	PAGE
Value of the Saliva in Digesting Food.....	385
Variations in Number of Roots in Human Teeth, by Edwin Collins.....	389
Visual Defects of Dentists, by David W. Wells.....	121
Voice and Enunciation. The Singing Voice and Speaking Voice as Influenced by Irregularity of the Teeth, by Robert E. Payne.....	676
Welding Property of Gold, with Demonstrations, by G. V. Black.....	386
What Is the Best Operation for Adenoids?.....	706
Why Coagulants Diffuse Through Dentin, by E. Lawley York.....	558
LETTERS.	
Baltimore Letter .....	64, 137, 358, 430, 498, 648, 718, 738, 855
Boston Letter.....	717
Contradiction, by Dr. N. S. Jenkins.....	855
Criticism by Dr. J. Foster Flagg .....	205
Criticism of Patents by Dr. Howe .....	181
Letter from Canada.....	58, 137
Letter from the South.....	708
New Jersey Letter.....	62, 144, 298, 291, 350, 426, 504, 709, 756, 887
New York Letter.....	66, 141, 210, 284, 352, 424, 500, 573, 646, 711, 787, 860
Philadelphia Letter .....	60, 189, 207, 282, 356, 428, 496, 577, 644, 715, 858
Query about Alloy .....	494
Reply to Criticism by Dr. Howe.....	133
Reply to Dr. Flagg.....	205
Reply to Query about Alloy .....	494
Sectional Branches.....	506
Texas Letter .....	59, 429
What Is It?.....	494
EDITORIALS.	
Answer to "Our Apology" .....	69
A Retrospect.....	651
